

**Instructions:** Listen to the recording and write the missing words. |

WORD BANK: eagles, habitat, pollution, more, threat, mountains

The wolf is a beautiful animal. It lives in forests and rocky \_\_\_\_\_ in Europe, Asia,

and North America. Wolves run in forests and \_\_\_\_\_ fly in the sky. These

animals are part of nature. In some places, wolves are still in danger. The biggest

\_\_\_\_\_ to wolves is not \_\_\_\_\_, but the loss of their

\_\_\_\_\_. We build roads and cities. That makes the land smaller for wolves. But

now, there are \_\_\_\_\_ wolves. People are helping them.
