4. The Maori are a native people of New Zealand.	
5. Can you give me a example of an electrical appliance?	

1a Read the passage. Find a word and a phrase from the passage and write them under their correct pictures.

ALASKA

Alaska is perhaps the most amazing state in the USA. It has coastlines facing both the Arctic Ocean and the Pacific Ocean. This state has three million lakes. That's four lakes per person living there.

We cannot reach many cities in Alaska by road, sea, or river. The only way to get there is by air, dogsled, or on foot. That's why Alaska has the busiest sea airport in the world, the Lake Hood Seaplane Base. Nearly two hundred float planes take off and land on the water of this airport every day. It's really a fun scene to watch.

In summer, the sun does not set for nearly three months in Alaska. But in winter we rarely see the sun. It is dark.

All Alaskans take special pride in their beautiful and unique state.

1. _____

2. _____

b. Choose the correct answer A, B, or C to complete each sentence.

LIVEWORKSHEETS

3. Listen and complete each sentence with ONE word.

1. At the meeting they introduce the_____bike.

2. The product aims at school children and their_____.

3. Question 1 is about special_____.

4. Question 2 is about air _____laws.

5. Question 3 is about how the flying bike finds a place to_____.

4. Choose one of the future means of transport below. Write a paragraph of about 70 words about it.

I think travelling by a bamboo-copter will become popular in the future. A bamboo-copter will have 3 wings and runs on very little electricity. It will even run on solar energy. It can carry only one person. You put it on your head like a hat and turn on the switch to fly. It is self-balancing. It is very fun, convenient, and safe but it is quite difficult to use in bad weather.
