A STREET PARTY

I love the street where I live. I live at number 12, and I'm friends with the girls who live at numbers 5 and 9, so we always spend time together. But all the neighbours who live in my street are really friendly, and we often do things together.

Last summer we had a big street party.
 1 _____ I got ready in the morning nervously, because I really wanted it to be a success. We carefully prepared all the food for the party, and set it out on tables in the street. Jeff, the man who lives next door to us, has a big, long barbecue and he used it to cook burgers perfectly! During the morning, everyone came out slowly into the street.

2 _____ We also had lunch together and then we cleared the food away tidily. 3 _____ Then, in the afternoon, we had a surprise. The woman who lives at number 20 is a singer in a band, and the whole band came and played music for us in the street! Everyone sang along happily but not me. 4 _____

The party finished quite late in the afternoon, and then we all went back home. I was really tired, but it was a brilliant day. I hope we do it again this year.
