III. Read the text below and choose the correct answers.

Capital Park

Because it is on a hill, this big park has the best views of the capital. Unfortunately, there are no train stations near here. Buses do not come here often, and it takes almost an hour to walk here from the city centre. It's a popular place to come on weekends, when many local people come to play baseball, basketball, and soccer. But on weekdays, there are very few people here. There's a small café which sells cheap fast food, but it isn't always open.

Cross Park

Not many people know about this little park, but it is one of the loveliest places in the city, and it's just a two-minute walk from an underground station. There are lots of flowers which are attractive to bees and birds. There are many different types of trees here too, so in the spring, when they are in flower, and in the autumn, when the leaves turn red, it is very beautiful. There are plans to build a snack stall in the park soon, but for now, the nearest place to buy food is the grocery store two streets away.
