

"Wake Up"

Wheels up, when I'm off the ground
I'm nowhere but I'm all [redacted]
I'm spinnin', watch me now
I'm spinnin', spinnin'

Big man when a wall's between us
Big man gonna break to [redacted]
Spinnin', can't believe it
Spinnin', spinnin'

Uh, turn around, turn it up, talk a [redacted]
Zip it up, lock you in, and close it up
Yup

Everybody's coming for you, wake up
Everybody's coming, wake up
Bodies dropping everywhere, I'm waist up
Everybody's coming, wake up

Some days I'm a ch-chameleon
Switch it up when I crawl the [redacted]
Flip it upside down, I'm wheelin'
Dealin'

Every single one of you is coming to my mind
Bring them all together, can you stack them in a line?
Jealousy is gonna be your failure, not [redacted]
Winnin'

Uh, turn around, turn it up, talk a bit
Zip it up, lock you in, and close it up

Everybody's coming for you, wake up
Everybody's coming, wake up
Bodies dropping everywhere, I'm waist up
Everybody's coming, wake up
Everybody's coming, wake up

Got a case of the take or [redacted]
Give an inch and I'm bound to seize it
Take a chainsaw out and feed it
Come alive when you don't believe it
Write me off and I'd love to [redacted]
Spit your words and I'll watch you eat it
Diggin'
