Text 1

ARE GOLDFISH* INTERESTING PETS?

I In Israel, nearly half of all families have a pet. Most of these families have a dog or a cat. However, dogs and cats need a lot of care. In addition, their food is expensive. Some people prefer pets that are easy to look after and that eat cheap food. Many of these people have pet fish.

II Goldfish are the most popular kind of pet fish. There are a few reasons for this. For example, it is easy to keep them in a glass bowl, and it is fun to watch them swim. People also love the beautiful colors of these fish. Usually goldfish are orange, but sometimes they are brown, white or black.

10 III Dr. Marina Gordon is a scientist who studies goldfish. She says that they are very clever. "Goldfish can recognize the face of the person who gives them food," she says. "They can also learn to do tricks*. This makes them really interesting pets."

* goldfish - דג זהב / سمكة ذهبية

* trick - תעלול, "טריק" / حيلة, خدعة
