A Day at My School

I arrived at (1) school in the morning and went straight to (2) locker. I put my bag inside and walked to (3) classroom. My friend, Sari, was already there. We sat near (4) window, which has a nice view of (5) playground.

(6) teacher arrived and started the lesson. There is (7) big desk at the front of the class, where he always writes on (8) whiteboard. After class, we went to (9) library to pick out books for our reading assignment. During lunch, we sat in (10) cafeteria and talked about our day.
