45. _____

VII. Read the short story and answer the following questions.

Emma's Struggle

Emma was a student who loved learning, but struggled with Math. She would get anxious during tests and often felt like giving up. One day, Emma's teacher, Mrs. Johnson, sat down with her and said, "Emma, everyone struggles with something but with practice and perseverance, you can overcome any challenge".

Emma started practicing Math every day, breaking down problems into smaller steps. She asked for help when needed and celebrated small victories. Slowly, Emma began to understand Math concepts better.

Her grades improved, and she felt more confident. She realized that struggles are a part of learning. Emma learned that with determination and hard work, she could overcome academic challenges, she became more resilient and developed a growth mindset.

46. Who is the girl in the story?
- a. Luna
 - b. Emma
 - c. Anne
47. What subject does she find challenging?
- a. English
 - b. Math
 - c. Filipino
48. What did Emma do to make her grades improve?
- a. Practicing Math everyday, breaking down problems into smaller steps
 - b. Ignore the problem
 - c. Panic and get anxious with Math problems
