My Favorite Devices

Hi! My name is Tom and I love technology. I use many devices every day.
In the morning, I use my smartphone to chat with my friends and check the news. I can also take pictures and play games with it.
At school, I use a laptop. I can surf the internet and write emails to my teachers. I also use a keyboard to type my homework.
At home, I like listening to music with my headphones. I can't print documents with them, of course!
When I need to save my school projects, I use a flash drive.
My brother uses a microphone to record songs because he loves music.
My mom uses the printer to print documents for her job.
I think technology is amazing!
