The CARNIVAL Parade is in my city!

Hi everyone! My name is Alex and I live in an Andalusian city, Cádiz. Every year, we celebrate Carnival with a big parade and I love watching it. People dress in colourful costumes and the buildings are decorated.

The parade starts right in front of my school. 1

Then, we cross the street and enter the shopping mall. It's amazing to see all the stores decorated with balloons and paper chains! We leave the shopping mall and turn left. 3

We continue straight until we reach the theatre. Sometimes, the theatre actors participate in the parade with very original costumes! 5

From there, we turn right and go straight about 200 meters until we reach the hospital. It's a big, white building, easy to recognize. The doctors and nurses dress up too and wave to us from the windows. 2

We pass the recycling point with different coloured containers, where I always leave my plastic bottles. It's important to take care of our planet! 4

After the theatre, we turn right and arrive at the cinema. I love watching movies! 6

Finally, from the cinema, we go straight until we reach the park where everyone dances and enjoys the music. The parade ends there, with a big party. We can play, eat cotton candy, and watch the clowns. It's an unforgettable experience! 7
