

SLIPPING THROUGH MY FINGERS

Mamma Mia! is a musical romantic comedy that uses the songs of the famous pop group ABBA.

The story is about Sophie, a young woman who is going to get married soon. She wants her father to be at her wedding and walk her down the aisle – but she has never met him.

One day, Sophie finds her mother Donna's old diary. In the diary, she reads about three men Donna met in the past: Sam, Bill, and Harry. Any of them could be her father. So, Sophie decides to invite all three men to her wedding, without telling her mother.

She thinks she will know who her real father is when she sees him. But when all three men arrive, things don't go as she planned. Donna is very surprised, and Sophie realizes that finding the truth is not so easy.
