Bau Truc pottery (1) _____ are made from clay from the Quao River mixed with sand. Clay is collected from the river only once a year, each lasting for half a month. Clay is taken (2) _____ or less depending on the ability of each person. In the clay collecting season, local people try to take as much clay as they can to store, for use in the entire year. Currently, people (3) _____ houses in Bau True pottery village still make pottery items in the traditional way. They do not use the wheel, (4) _____ the craftsmen have to turn around the products. The potters shape their products by skilful hands and feet around a pole-round pillar, rather than on the wheel. From this step, the silky clay block initially gradually forms a smooth rounded hollow block, then the formation of flower vases, or water pots.

Bau True's craftsmen use wet cloths to make the product surface smooth. These items are decorated with seashells, snails or (5) _____ paintings featuring the daily life of Bau True's people.
