PASSAGE 62

Tra ID Đề [5867] - Tra 9D video [5868]

Dirty, dangerous, and dull. These are three words you do not want to (1) _____ your job. While many jobs are a little dirty, dangerous, or dull, some are (2) _____ much that it is better not to have humans performing them at all. Would you want to be the first person to go into a building with a fire? What if a robot could assess and fix the situation? This is already happening all around the world. Japan leads the way, followed (3) _____ Singapore, South Korea, and Germany.

The most common type of robotic device is a mechanical arm. This is often used in manufacturing. These arms move in many directions and perform precise and repetitive tasks with ease. A robot named Demeter is an agricultural harvester that can move around a field of crops, planting every kind of trees and (4) _____ by using GPS, controllers, and sensors. Robots will play a more important role in the future. Surely they will continue to explore the ocean and analyze the surface of distant planets. But what else? Will more robots drive our cars for us? Is there some laundry for them to (5) _____? Perhaps. When someone invents that window cleaning robot, they will be rewarded by a grateful population.
