***Part 7: Read the following passage and decide if the statements that follow are TRUE (T) or FALSE (F). ( 1.0m)***

Our environment is being seriously destroyed. There are many reasons for this. Firstly, there is too much exhausted fume from vehicles and factories. Nowadays, people go by motorbike, by car more than by bike or on foot. Moreover, industries are developing very quickly. The fume from vehicles and factories is polluting the air. Secondly, deforestation causes floods and droughts. Thirdly, many people are not aware of protecting the environment. They litter everywhere, destroy the other creatures' living environment, get a lot from the nature but don't pay anything back to the nature. Therefore, it is necessary for every nation to find environmental solutions.
