

Read about Susan's sister.

My name is Melissa and I go to the same school as my sister Susan. I like my school. It is not very big, but it has very good facilities, such as computer rooms, a games room and a big library.

I'm really keen on working with computers, so I enjoy the computer coding lessons very much because I learn a lot. I find these lessons very interesting and not difficult at all. I also like maths and English because I have very good teachers, but I think my favourite subject is physical education.

One of the subjects that I think is boring is history! I really don't enjoy these lessons and it is very difficult to remember all those dates and information.

I like school because I have a lot of good friends there. We do a lot of things out of school too, like playing video games and studying together. We are always texting each other and we are never sad.

1. Read the text and choose the correct answer.

- a. Melissa is talking about _____.
- b. Melissa's school is _____ school in New York.
- c. Melissa doesn't like _____.
- d. _____ is her favourite subject.
- e. After school Melissa and her friends _____.
