# REVENGE

**Choose the right word or phrases for the gaps.**

Stephanie found an inspired way to \_\_\_\_\_ revenge on her boyfriend, Jason. She had been seeing him for about six months when they decided to make their relationship exclusive. She thought things were going well until she discovered that he was seeing someone else on the side. Soon after, a \_\_\_\_\_ friend told Stephanie that Jason wasn't having a love affair with just one woman; there were three others!

Initially, she had no plans to get back at him. She called Jason to break up, but when she got his voice mail, she thought of a much better idea. He had given her his password, so she logged in to his voice mail and recorded a new outgoing message. She explained what a cheater he was. And then, to add \_\_\_\_\_ to the fire, she changed his password so he couldn't rerecord the message.
