

## LISTENING

American academic Jake Bevan has arrived in the UK for a conference. He phones an ex-girlfriend, Sarah. Listen to their conversation. What's the only time they can meet? Put **MEET SARAH** in Jake's phone calendar in the right place.

The image displays a smartphone screen showing a calendar app for Tuesday, 3 May. The calendar has a list of time slots from 08:00 to 20:00. Several slots are highlighted in yellow, indicating events or appointments. The highlighted slots are at 08:15, 11:00, 14:00, 16:00, and 19:30. The phone is an HTC model, as indicated by the logo at the bottom. To the right of the phone, there are two photographs of people talking on mobile phones. The top photo shows a man with short brown hair, wearing a light-colored jacket over a green shirt, holding a black phone to his ear. The bottom photo shows a woman with long brown hair, wearing a blue top, holding a silver phone to her ear and smiling.

| Time  | Event |
|-------|-------|
| 08:15 |       |
| 11:00 |       |
| 14:00 |       |
| 16:00 |       |
| 19:30 |       |

Listen again and complete the calendar with an appointment from the list. There are two appointments that you don't need.

go to conference party

have dinner with Mark

have lunch with David

give my talk

go to the talk on climate change

have breakfast meeting

**- Listen to Jake and Sarah (3.10).**

Do you think they are going to meet again? Why or why not?
