Exercise 14. Read the text, and identify whether the statements are true (T), or false (F).

Vietnamese food culture varies by regions from the north to the south. In Northern Viet Nam, Vietnamese food is characterized by light and balanced flavours with the combination of many ingredients. Northerners have been using many kinds of meat like pork, beef, and chicken to cook; besides, some kinds of freshwater fish, crustaceans, and other mollusks like shrimps, crabs, and oysters, etc. Many famous dishes of Viet Nam are cooked with these ingredients such as *Bun Rieu, Pho, Bun Thang, Bun Cha, Banh Cuon*, etc.

Then, food culture in Central and Southern Viet Nam has developed suitable flavors in each region. In Central Viet Nam, the regional cuisine is famous for its spicy food, which differs from two other parts with mostly non-spicy food. Hue cuisine is typical Central Vietnam's food culture. Dishes of Hue cuisine are decorative and colorful, which expresses the influence of the Vietnamese royal cuisine in the feudal period. Food in the region is often decorated sophisticatedly and used with chili peppers and shrimp sauces, namely, *Bun Bo Hue, Banh Xeo*, or *Banh Beo*, etc.

In Southern Viet Nam, the region is characterized by warm weather and fertile soil, which creates favorable conditions for planting a variety of fruit, vegetables and livestock. Thus, food in the region is often added with garlic, shallots and fresh herbs. Particularly, Southerners are favored of sugar; they add sugar in most dishes. Here, there is also an influence of western and Asian cuisines on southern food, such as influences from China, India, France, and Thailand.
