Tina was at Market, she want to sell her a pair of sneakers, two backpacks, a pair of jeans, a T-shirt, and a shirt

His sneakers stood out with a two-tone design. The soles and laces were bright yellow, while the upper parts were made of gray canvas featuring unique logos imprinted on the material. They were size 36, and Tina priced them at 40.000 rupiahs.

She also had two backpacks to sell. The larger one came with six compartments which consist of two main sections, two front pouches, and two side pockets. Its main color was pink, accented with blue side pockets. The smaller backpack had four compartment, two main ones and two side pocket and was fully black. Tina offered them individually for 50,000 rupiahs, but anyone interested in both could buy them together for 80,000 rupiahs. Moreover, Tina hoped to get 75.000 for his clothing items.
