III

Choose the word (A, B, C or D) that best fits each space in the following email about advancements in robotics for space and ocean discovery. (1.5 pts)

New message

To: Mai

Subject: Book report

Hi Mai,

I've just finished a book on advancements in robotics for space and ocean discovery. It's really a big (17) _____ in how we explore the universe. Engineers continue to develop robots with new designs to assist astronauts in space missions and to explore distant planets. They also help in conducting experiments and (18) _____ impressive discoveries. Similarly, underwater robotics have been designed to study marine species and (19) _____ secrets beneath the ocean. Engineers and researchers, in collaboration (20) _____ scientists, aim to advance robotic technology to improve data collection and the invention of autonomous robots has (21) _____ us to explore extreme environments. They will keep experimenting with new ideas and refining their designs. Definitely, (22) _____ of these will help us better understand the vast unknowns of our world and beyond.

How about your book report? Write to me soon!

Best,

Andy

IV

Read the following brochure of a course on overcoming fear and building courage. Decide whether the statements from 23 to 26 are True or False, and choose the correct answers to complete the statements in the questions 27 and 28. (1.5 pts)

Take Control of Your Fear and Find Your Confidence!

Do fear and embarrassment stop you from living your best life? Join our Overcoming Fear and Building Courage course to feel stronger and more confident in your daily life.

In this course, trained psychologists will help you understand your fear and learn how to manage it as a natural emotion. You'll practise ways to calm down in stressful situations and reduce feelings of anxiety through step-by-step methods.

Our course includes:

- Simple breathing and relaxation exercises to feel more at ease.

- How to handle embarrassment and stay confident.
- Share and learn with others in a safe and caring group.
- Easy steps to face challenges and build courage.

By following these methods, you'll not only reduce fear but also feel ready to tackle challenges with courage. Whether you're nervous about public speaking, meeting new people, or making mistakes, we'll help you feel ready to face it all.

Sign up now to take the first step toward a fearless future!

- **Start Date:** June 12th
- **Duration:** 4 weeks
- **Course fee:** \$40 per person

23. This course will guide you how to deal with your fear and stay confident.
24. You can manage your fear through complex breathing techniques and stressful activities.
25. After completing this course, you may have enough confidence to make a speech in front of the crowd.
26. A group of people must pay \$40 to take the course.
27. When attending this course, trained psychologists will _____.
 - A. provide you with step-by-step methods
 - B. feel stronger and more confident in your daily life
 - C. understand and manage fear as a natural emotion
 - D. be ready to tackle challenges with courage
