

How to Make Ice Cream

Follow this fun and easy recipe to make delicious ice cream quickly.

You Will Need:

two plastic zip-lock bags (one large and one small)

a pair of warm gloves

sticky tape

an ice cream scoop or spoon

300ml milk

1 tablespoon caster sugar

$\frac{1}{4}$ teaspoon vanilla extract

lots of ice cubes

5 tablespoons of salt

What to Do:

1. First, take the small plastic zip-lock bag. Pour the milk, sugar and vanilla extract inside.
2. Close the bag tightly so it does not leak. Use sticky tape to keep it shut.
3. Next, half fill the large zip-lock bag with cubes of ice then add the salt.
4. Now, put the small bag into the larger bag of ice and salt. Carefully seal the larger bag shut with sticky tape.
5. Before you hold the bag of ice, put your gloves on. Now shake the bags for up to fifteen minutes to freeze the mixture. Take turns with a friend if your arms get tired.
6. Finally, open the larger bag and remove the ice cream bag.
7. Scoop the frozen ice cream mixture into a bowl or an ice cream cone to serve.
8. Enjoy your ice cream with your favourite sprinkles or sauce!

Questions

1. How much milk will you need to make this ice cream? Tick one.

- 300ml
- 500ml
- 100ml

2. Fill in the missing word.

Close the bag _____ so it does not leak.
