Name: _____

Date: _____

My Friends and Sports

I have many friends. We like sports, but we are all different!

My friend Ben is very tall. He can play basketball. He runs and jumps a lot. But he can't play baseball. He says the ball is too small!

Emma is very strong. She can do boxing. She likes to wear red gloves. But she can't go surfing. She is afraid of the big waves.

Tom loves snow. He can go skiing. He also can play ice hockey. But he can't go running. He says it is boring.

Luna likes water. She can swim and can go sailing with her dad. But she can't play tennis. She always loses the ball.

I am Alex. I can play soccer and can go cycling in the park. But I can't play basketball. I am too short!

We are all different, but we all can have fun!

1. **What sport can Ben play?**
