Let's Exercise!

Arrange the sentences into a correct and coherent paragraph!

I. Orientation

II. Series of Events

III. Re-Orientation

LIVEWORKSHEETS

Last weekend, I went to the zoo with my family. It was a bright and sunny Sunday, perfect for an outdoor trip.

One of them was spraying water with its trunk, and it made everyone laugh.

My little sister was fascinated by the hippos swimming in the water.

The trip to the zoo was very fun and educational. I learned many new things about animals and spent quality time with my family. I hope to go back again someday.

Before going home, we bought some souvenirs and took pictures near the panda statue.

It was both scary and amazing!

First, we visited the elephant enclosure. The elephants were huge and majestic.

Next, we saw giraffes, zebras, and hippos. The giraffes were eating leaves from tall trees, and the zebras were standing close to each other.

After that, we walked to the lion's den. The lions were sleeping under the shade, but one of them stood up and roared loudly.

We arrived at the zoo at around 9 a.m. and were excited to see many different animals.
