"Luna the Curious Cat"

Luna is a small white cat with green eyes. She lives in a big house with her family. Every morning, Luna climbs on the windowsill and looks outside. She watches the birds and waits for someone to open the door.

But today is different! Right now, Luna is sitting on the table. She is looking at a fish in a bowl. The fish is swimming in circles, and Luna is not moving. She is waiting quietly!

Usually, Luna plays with yarn in the afternoon. She runs, jumps, and hides under the bed. But today, Luna is not playing. She is thinking about the fish!
