Cyber Friends

Hi, I'm **Max**. I live in a small village in Canada. There is no school near my house, so I study at home. Every day, I turn on my computer at 8 a.m. and have online lessons with my teachers. I really like my Cyber School. After lessons, I do my homework and help my parents. I don't see my school friends every day, but we talk online and sometimes play games together. We all meet once a year in the city. We play sports, go to the cinema, and have a lot of fun!
