

The Wright Brothers

Wilbur and Orville Wright were brothers. They grew up in the USA. They built and tested the first aeroplane.

Childhood

The brothers loved to build things and test new ideas. Their father gave them a toy helicopter. This made them want to fly. They also liked to find out about how birds fly.

Their Flights

Orville made the first flight in an aeroplane in December 1903. It only lasted for 12 seconds but the brothers did not give up.

Wilbur tried to fly a new aircraft in November 1904. The flight lasted for over five minutes.

Timeline
