Let's Exercise!

Arrange the sentences into a correct and coherent paragraph!

I. Orientation

Amina: Yeah, it was bright and sunny—perfect for a day outdoors. We got there around 9 in the morning.

Rizky: Hey Amina, how was your weekend?

Rizky: Oh, nice! Was the weather good?

Amina: It was great! I went to the zoo with my family last Sunday.

II. Series of Events

Rizky: That must've been funny! Did you see any big cats?

Amina: We saw so many! First, we went to the elephant enclosure. The elephants were huge and majestic. One of them sprayed water with its trunk—everyone laughed!

Rizky: Sounds like fun! What animals did you see?

Rizky: Whoa, I would've jumped! What else did you see?

Amina: Yup! We went to the lion's den next. Most of them were napping in the shade, but one suddenly stood up and roared really loud. It was both scary and amazing!

Amina: We saw giraffes eating leaves from tall trees, and zebras standing really close together. My little sister loved the hippos swimming in the water.

III. Re-Orientation

Rizky: That sounds like such a fun day.

Amina: Yeah, before we went home, we bought some souvenirs and took pictures near the panda statue.

Amina: It really was! I learned so much about animals and had a great time with my family. I hope we can go back again sometime.

Rizky: Aww, that sounds so cute! Did you guys buy anything?
