Titanic was a real blockbuster. Millions saw it across the world. The movie was directed by James Cameron. It was starred by Leonardo Di Caprio and Gwyneth Paltrow. It is a romantic story about an English girl that falls in love with a young American boy during their trip to America on the English ship Titanic. The movie cost millions of dollars. It was shot on a real scale model of the big ocean liner. The visual effects are amazing! The Titanic sank in the Atlantic Ocean on the night of April 14, 1912, after crashing into an iceberg. 1,500 died in the frozen sea waters. The movie is really moving.

VOCABULARY, page 179-180
