Reading Comprehension Worksheet

A New Life Abroad

Emily is 28 years old and comes from the UK. Last year, she decided to change her lifestyle and move to Spain. She works as an English teacher in Madrid now, and she really enjoys it. Before moving, she worked in an office in London and had a very busy routine. She got up early, travelled by train for over an hour, and spent long days in meetings.

In Spain, her life is different. She lives in a small flat with a friend near the city centre. She usually starts work at 10 a.m., so she can have a relaxed morning. She often meets her students in cafés or online. She thinks the students are friendly and motivated. After work, she likes going for walks, cooking Spanish food, and practising Spanish with neighbours.

Emily also loves travelling. Last month, she visited Barcelona and explored the old city and the beach. Next month, she is going to travel to the south of Spain to see Granada and Seville. She likes learning about new cultures and wants to improve her Spanish. Although she sometimes misses her family, she speaks to them every week. Emily feels that moving abroad was the best decision she has ever made.
