

ပေးထားသော A, B, C ကို ရွေးပါ

1- What is a robot?

- A. A person who builds cars
- B. A machine that can do tasks
- C. A type of clothing
- D. A kind of sport

2- What does innovation mean?

- A. A new idea or invention
- B. An old tradition
- C. A school rule
- D. A type of phone

3- What is artificial intelligence (AI)?

- A. A science test
- B. A natural disaster
- C. A smart machine that can learn
- D. A sports team

4- What is technology?

- A. Food and drinks
- B. Traditional clothing
- C. Tools and machines made by people
- D. Songs and music

5- What is a discovery?

- A. Finding something new
- B. A history book
- C. A kind of school subject
- D. Making food

6- What is a robot used for?

- A. To fly an airplane
- B. To do tasks automatically
- C. To eat food
- D. To play guitar

7- Have you seen the new invention?

- A. Yes, it's a smart device that can speak!
- B. No, I forgot my homework.
- C. Yes, I saw my friend.
- D. I went shopping.

8- How is technology useful in school?

- A. It helps us learn with smart boards and tablets.
- B. We play football.
- C. We sing songs.
- D. We eat snacks.

9- What does the robot do?

- A. It helps clean the house.
- B. It goes to school.
- C. It sings songs.
- D. It makes music.

10- What is science about?

- A. Learning about nature and inventions.
- B. Watching cartoons.
- C. Playing video games.
- D. Dancing in a show.

11- What is an astronaut?

- A. A person who teaches math
- B. A person who travels to space
- C. A person who plays guitar
- D. A car driver

12- What is a rocket?

- A. A big balloon
- B. A fast vehicle that travels to space
- C. A kind of tree
- D. A school building

13- What is the moon?

- A. A planet
- B. A star
- C. Earth's natural satellite
- D. A lightbulb

14- What is a planet?

- A. A type of fruit
- B. A large object that moves around a star
- C. A kind of flower
- D. A fish in the ocean
