Vietnam has seen a dramatic rise in online shopping in recent years. Fueled by a growing internet population and increasing smartphone use, e-commerce platforms are booming. Popular websites offer a wide variety of products, from clothing and electronics to groceries and household goods.

LIVEWORKSHEETS

The convenience of online shopping is a major draw for Vietnamese consumers. Many people enjoy being able to browse and purchase items from the comfort of their own homes. Online shopping also offers competitive prices and frequent discounts, making it an attractive alternative to traditional brick- and-mortar stores.

Despite its popularity, online shopping in Vietnam still faces some challenges. Cash on delivery remains the preferred payment method for many customers, who are wary of online transactions. Additionally, concerns exist about product quality and the potential for counterfeit goods. Delivery times can also vary depending on location, and rural areas may have limited access to reliable delivery services.

1. ___ Online shopping is more popular in Vietnam compared to traditional stores.
2. ___ Most Vietnamese people prefer to pay for online purchases with credit cards.
3. ___ Online shopping websites mainly focus on selling clothes and electronics.
4. ___ The convenience of online shopping is a major reason for its popularity.
5. ___ Online shopping in Vietnam is completely free of challenges.
6. ___ Reliable delivery services aren't readily available throughout Vietnam.
