How to Make a Fried Egg!

Do you know how to make a fried egg? It's simple and fun! First, you need some things: one egg, a frying pan, a little oil or butter, and a plate.

Start by breaking the egg into a small bowl. Then, put the pan on the stove and turn on the heat. Add a little oil or butter into the pan. When the oil is hot, pour the egg into the pan. You will hear a nice sizzle!
Let the egg cook for about two or three minutes. You can use a spatula to flip the egg if you want to cook both sides. Be careful — the pan is hot!
When the egg is ready, use the spatula to move it onto a plate. Now you can enjoy your yummy fried egg. You can eat it with bread or rice. Cooking at home is a great way to learn new skills!

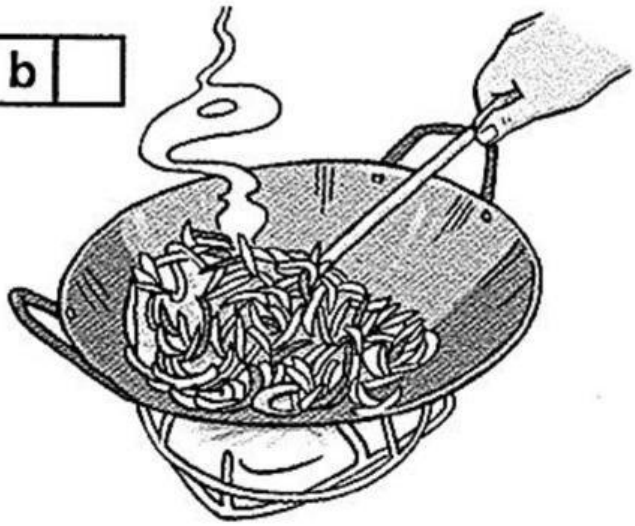

Fill in the blanks with ONE word from the passage.

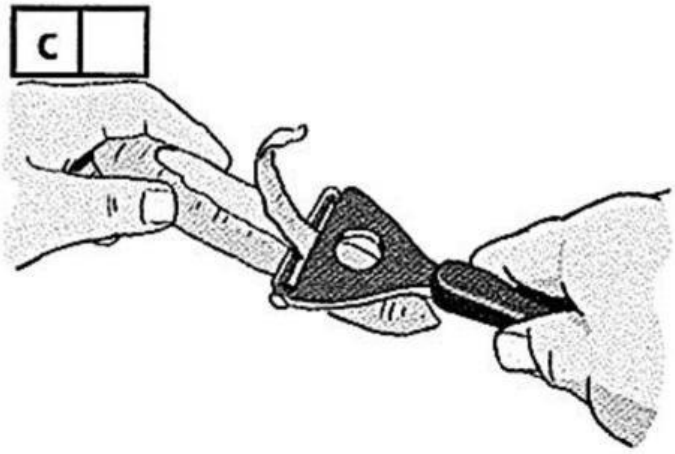

1. You need a frying pan, some oil or _____, and an egg.
2. Before putting the egg in the pan, you should _____ it into a bowl.
3. After the oil is hot, _____ the egg into the pan.
4. You can use a _____ to turn the egg over.
5. Be careful — the _____ is very hot!
6. After cooking, put the egg on a _____.
7. You can eat your fried egg with bread or _____.
8. Cooking at home helps you learn new _____.
