Cooking competition

It was a tiring day, but I really enjoyed it. We didn't win the competition, but I was proud of our teamwork.

Last Saturday, my friends and I joined a cooking competition at school. We were all very excited and a bit nervous.

First, we prepared the ingredients carefully. We washed the vegetables and cut them into small pieces.

Then, we started cooking the noodles and mixed them with the vegetables. The smell was really good.

After that, we arranged the food on plates and presented it to the judges. We smiled and hoped for the best.

My first day at school

First, I met my new classmates and our homeroom teacher. They were friendly and welcoming. Then, we had an introduction session in the school hall where the principal gave a short speech.

Next, we toured the school at 10 am. The teachers showed us the library, the science labs, and the computer room. Everything looked new and clean.

Last Monday was my first day at senior high school. I woke up early because I was very excited and a little nervous. My mom drove me to school at 6:30 a.m.

At the end of the day, I felt tired but happy. It was a great start to my new journey in high school. I hope every day will be as exciting as this one.

After that, we played some ice-breaking games with our classclean at 7.30 am. I got to know several students and even made a new friend named Rani.
