Read this text carefully and tick the correct answers, according to the text.

A PARK IN JAPAN

Ghibli Park is not a traditional theme park*, and there are not any rollercoasters. Ghibli movies are famous not only in Japan but all over the world, and now Ghibli Park gives us different areas inspired by the films.

Ghibli Asian Park offers the opportunity to enter into your favourite animated films in a magical and interactive experience.

The park is divided into 5 areas, each inspired by one Ghibli film.

Some of the areas are:

The Hill of Youth	Grand Warehouse	Dondoko Forest
It is the park's entrance. This suburban area** with beautiful buildings and green places is inspired by movies like Whispers of the Heart and The Cat Returns.	This area has three special exhibitions, shops and a café. It has famous attractions like Totoro's Cat bus, Spirited Away's magical tunnel, and Arrietty's giant objects. It also has a small cinema with 170 seats.	This area includes Satsuki and Mei's house. You can see the inside of a house. There is a kitchen, a bathroom, a sitting room and more. There are also playgrounds and restaurants.
