Sharks	Koalas	penguins	Crocodiles	Kangaroos

Wild animals in Australia

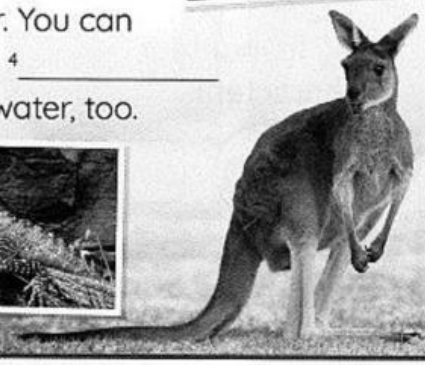

by Conor

Australia has got amazing wild animals. [1] Koalas live in trees and they eat green leaves. [2] _____ live on land. They've got long legs and they can jump! There are a lot of snakes and lizards in Australia. [3] _____ live on land and in water. You can see lots of colourful fish. [4] _____ and dolphins live in the water, too.

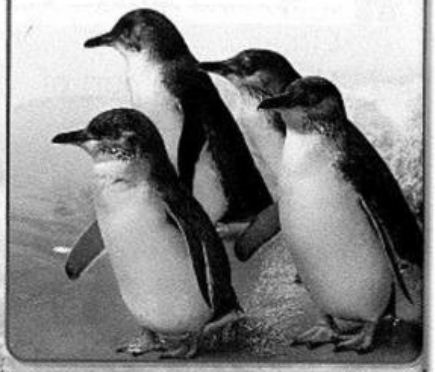

My favourite animals are little [5] _____.
They eat fish. They live in the water and on land. They've got wings, but they can't fly. Little penguins are great!

Match and write

1	Dolphins eat fish.	a	They can't run.
2	Sharks can swim.	b	They can swim.
3	Penguins can't fly.	c	They eat insects.
4	Frogs don't eat grass.	d	They don't eat grass.

1 Dolphins eat fish, but they don't eat grass.

2 _____

3 _____

4 _____
