

Addition with Zero (0)

Look and understand :

 $3 + 0 = 3$ 
 $3 + 0 = 3$

$0 + 2 = 2$  $0 + 2 = 2$ 

It's clear from the above figures that when zero is added to a number, the number remains the same.

Now based on the above concept, fill in the boxes :

$$\begin{array}{l} 5 + 0 = \square \\ 6 + 0 = \square \\ 0 + 13 = \square \\ 15 + 0 = \square \\ 0 + 20 = \square \end{array}$$

$$\begin{array}{l} 25 + 0 = \square \\ 0 + 21 = \square \\ 35 + 0 = \square \\ 0 + 50 = \square \\ 40 + 0 = \square \end{array}$$
