- _____ 8. the number of times people look at a website
- _____ 9. a job that students do for school without the teacher's help
- _____ 10. to send something into the sky, such as a plane or rocket

True/False

Indicate whether the statement is true or false.

Read each sentence. Decide if the statement is T (true) or F (false).

- _____ 11. It's usually cold and snowy in summer.
- _____ 12. Stormy weather is often rainy and windy.

Name: _____

ID: U

- ___ 13. The weather is hot and sunny in the winter.
- ___ 14. When it is minus 10 degrees, it is cool.
- ___ 15. If the temperature is 30 degrees Celsius, it's probably summer.

Read the passage. Then read each sentence. Decide if the statement is T (true) or F (false).

It is the summer of 2009. The weather in California is very hot, but it's not windy. There is no rain, and the grass and trees become very dry. There are 9,159 small wildfires that year in California, and a big wildfire starts in the mountains near Los Angeles. Over 5,000 people work to put out the big fire, and it takes them many weeks. Four people die the fires. Happily, most people and homes are safe.

- ___ 16. This passage is about one big fire near Los Angeles.
- ___ 17. The grass and trees become very dry because it is hot and there is no rain.
- ___ 18. A wildfire takes place in a city.
- ___ 19. Four people die in the fire near Los Angeles.
- ___ 20. In the phrase *it takes them many weeks*, it refers to putting out the fire.

Multiple Choice

Identify the choice that best completes the statement or answers the question.

Read the passage. Then choose the best option to complete each sentence.

It is March 12, 1888, and New York City is having a big storm. The weather is cold and windy. It is very snowy and the temperature is -12 degrees Celsius. The snow continues for three days. By March 14, there is over a meter of snow on the ground in the city. In some places near the city it is 15 meters deep. That's as tall as a very big house! People cannot walk on the streets. Children cannot go to school. Over 400 people in New York City die during this storm.

- ___ 21. The passage is mainly about ___ in New York City.
- wind and cold
 - snow
 - rain

Name: _____

ID: U

- _____ 22. Why is the temperature given?
a. to explain why people die in the storm
b. to explain why it snows
c. to show how cold it is
- _____ 23. When does the storm end?
a. March 13
b. March 14
c. March 15
- _____ 24. What can you infer about the streets of New York City during the storm?
a. They have a meter or more of snow on them.
b. The police will not let people walk on them.
c. It is too cold to walk on the streets.
- _____ 25. What does *it* mean in the phrase *it is 15 meters deep*?
a. the snow
b. New York City
c. the storm
