

## Day 12

### How Does Weather Affect Flight?

**Instructions:** Draw a line from the weather type to what it might do to an airplane.

- |         |                                  |
|---------|----------------------------------|
| Rain    | a) Can make the ride bumpy       |
| Wind    | b) Makes it hard to see          |
| Fog     | c) Can make the runway slippery  |
| Thunder | d) Might cause delays for safety |
