You can also compare your results with experiments in the past

The next one is to form a hypothesis or an idea based on your information

The first step is to find out what you know about the problem

In this way, you can add to your knowledge of the subject for future experiments

Then, you need to perform experiments to see if these ideas are true or not

Reading Part 3

Opinions on flying

Person A:

I have a dream that I work as a tour guide. So I understand that I will have to fly to other countries. In my personal opinion, airplanes are currently too cheap compared to the damage they cause to the environment, so I believe we should add taxes to airline ticket prices to make people choose to use other means of transport before they think about flying. I believe that people are also very happy when they can contribute to protecting the environment.

Person B:

My family and siblings live quite far from me. So I often have to fly to visit them every month when I have time. We really appreciate the time we spend together and we are happy to be able to meet each other and share our new story. I know that traveling by plane too much is not good for the environment so I often shop online or go to work by bike instead of going by car or I reuse plastic bags and paper bags. In addition, I sometimes volunteer to clean up trash in the neighborhood.

Person C:

I was a businessman so I had to fly many times a week. I had to go to other countries to be able to sign wine trading contracts with them. I felt very tired every time I have to fly. Now, my sister and I, whenever we have free time, take the train together and we enjoy that time very much because I can travel while sightseeing and relax without any stress.

Person D:

If I have to go somewhere I will choose other means of public transport, not the plane. Every time I go on a plane I feel extremely tired and I just hope time passes quickly so I can get off that plane. However, due to the specific nature of my job, I have to film in many different locations, so sometimes I cannot avoid having to take this public transportation.

WHOSE IDEA WAS THIS?

1. visit relatives regularly _____
2. want to work in other countries _____
3. try to protect the environment _____
4. suggest making flights more expensive _____
5. find flying tiring _____
6. like relaxing while they travel _____
7. need to fly for their work _____

Reading Part 3

A new restaurant

Person A:

This is my first time coming to this restaurant. The food is very cheap but the quality is excellent. I was very surprised with the starter because its menu is very diverse. But there is one thing that I want the restaurant to improve. The restaurant band played live music but it was very far away, so the sound was very low and it didn't make the meal atmosphere lively. Next time turn the music louder, please!

Person B:

This is a very famous restaurant that I saw in the newspaper. Sadly, I arrived later than the rest of the party, so I didn't get to order dinner. However, I ordered orange juice and mango juice and they were both delicious. What about the surroundings? Lively music along with fashionable and appropriate decor makes me feel very comfortable.

Person C:

I'm not sure if I will return to this restaurant. I think the staff was arguing when I got there,

because the atmosphere here was not very comfortable. As for the food, I think there's nothing to write about. I ordered fish and chips, it wasn't bad, but it wasn't good either. But many people say that the food here is fabulous. So, I think I'm an exception.

Person D:

I don't understand why this restaurant is so famous. When I arrived and saw a menu with lots of different dishes, I saw this as a bad sign. Furthermore, the menu with traditional dishes contrasting with the modern decoration style made me feel very confused and strange. The waiters here were also not friendly. This was one of my worst experiences eating at a restaurant

WHOSE IDEA WAS THIS?

1. thought the music was too quiet _____
2. was impressed by the range of appetizers _____
3. thought his bad experience was probably unusual _____
4. enjoyed the atmosphere _____
5. didn't eat anything at the restaurant _____
6. will definitely not return to the restaurant _____
7. the food was of average quality _____

Reading Part 3

Reading books

Person A:

My wife often complains about not having time to read, and I say we have to make our own time. So, I often calculate my free time on my phone. so I can know in advance whether I should bring a book to read on the train. My wife often laughs at me for doing so, but I don't mind, as long as I can finish reading so many books.

Person B:

I used to struggle very much to finish reading a book that we were expected to read. However, now that I read for my own pleasure, I don't mind too much. I usually don't limit myself to reading one at a time. There are so many titles I can choose from that get me excited. I have a list of books that I want to read in the future.

Person C:

I often keep a book on the bedside table to read before going to bed. The problem is, I get tired after reading only half of a page, and I fall asleep. So, I've been reading that one book for half a year now and have only read chapter 2. However, when I read factual books, I find it very interesting and it keeps me awake for hours.

Person D:

My job requires reading a lot of books. These books include a lot of facts and figures and they are very boring. When I have free time, I usually want to read light books, like mystery novels or comedy. I often read on the train to work. I have a young child, so when I come home I almost don't have time to read. Therefore, I have to read books when traveling by train. So, a book can last me 1 week.

WHOSE IDEA WAS THIS?

1. plans their reading schedule
2. is having difficulty in finishing a book
3. reads more than another family member
4. thinks that factual books are boring
5. reads many books at once
6. wants to read a lot of books
7. has limited time to read books
