Celebrating Independence Day

On August 17th, our school held a festive event to celebrate Indonesia's Independence Day. Early in the morning, all students and teachers gathered in the school yard. We enthusiastically decorated the area with red and white flags and balloons. Everyone looked excited and full of spirit. I wore a traditional costume that made me feel proud.

Before the competitions started, our headmaster gave a meaningful speech about the struggle for independence. We listened carefully and felt inspired. After that, the games began. The first game was a water relay. It was fun and challenging. We had to move fast without spilling the water. Then, we had a sack race. Many students fell, but they laughed and kept trying. We all cheered for our friends as they jumped toward the finish line.

In the afternoon, the tug of war took place. I joined the game with my classmates. We pulled the rope as hard as we could. Everyone around us shouted and cheered enthusiastically. Finally, we won the match and received a prize. We felt very proud of our teamwork and effort. It was one of the best moments of the day.

The Independence Day celebration at school was truly memorable. We had fun, learned about our history, and showed our love for the country through games and teamwork. I can't wait to join it again next year.
