

Text 1

A Read the riddles.

① I'm made of metal, plastic and glass.
I live in your home, and maybe in your class.
I can bring you news, dramas, sports or music shows.
Cookery, quizzes, weather — I have all of those.
Some children spend too much time with me.
They think I'm great. Do you agree?

② I'm used for keeping part of your body clean.
I can be any colour — red, blue, white or green.
I live in the bathroom. I'm made of nylon and plastic.
Everyone has one. Dentists think we're fantastic.
Use me in the morning and every night.
I keep your teeth healthy and sparkling white.

③ I have lots of teeth but I don't bite.
I'm used in the morning, afternoon and night.
I'm made of plastic, or sometimes wood too.
I can be any colour — orange, pink, black or blue.
I'm used by everyone, well, everyone with hair.
You don't need me if your head is bare!

④ I'm as soft as a marshmallow treat.
But I'm not something you can eat.
I'm made of cloth. I lie around all day.
I'm quite lazy, I don't work or play.
But at night when you climb into bed,
It's me you want under your head.

Date: _____
