

DINOSAURS

Meet the Dinosaurs!

Dinosaurs lived a long time ago. Some were big, and some were small.
T-Rex was a strong dinosaur with sharp teeth. It ate meat and was very fast.
Triceratops had three horns and ate plants.
Stegosaurus had big plates on its back. It also ate plants.
Brachiosaurus was very tall and had a long neck to eat leaves from trees.
Velociraptor was small but very fast. It hunted in groups and had sharp claws.

Complete the sentence using words from the text.

- 1- The _____ had three horns.
- 2- The _____ had big plates on its back.
- 3- The _____ was very tall and had a long neck.

Choose the correct answer.

- 1- Which dinosaur had sharp teeth?

- 2- Which dinosaur ate leaves from trees?

- 3- Which dinosaur hunted in groups?

Drag the dinosaur name to match the picture.

T-Rex

Brachiosaurus

Stegosaurus

Triceratops

Select all the correct answers.

- 1- Which dinosaurs were plant-eaters?
 - ☐ Triceratops
 - ☐ Stegosaurus
 - ☐ Brachiosaurus
 - ☐ Velociraptor
- 2- Which dinosaur were fast?
 - ☐ T-Rex
 - ☐ Velociraptor
 - ☐ Stegosaurus
- 3- Which dinosaurs had horns or plates?
 - ☐ Triceratops
 - ☐ Stegosaurus
 - ☐ T-Rex

Match the dinosaur with its description.

- | | |
|---------------|--------------------|
| T-Rex | long neck |
| Brachiosaurus | three horns |
| Stegosaurus | sharp teeth |
| Triceratops | plates on its back |

Find the dinosaurs hidden in the word search.
