Around the world in 80 WAYS

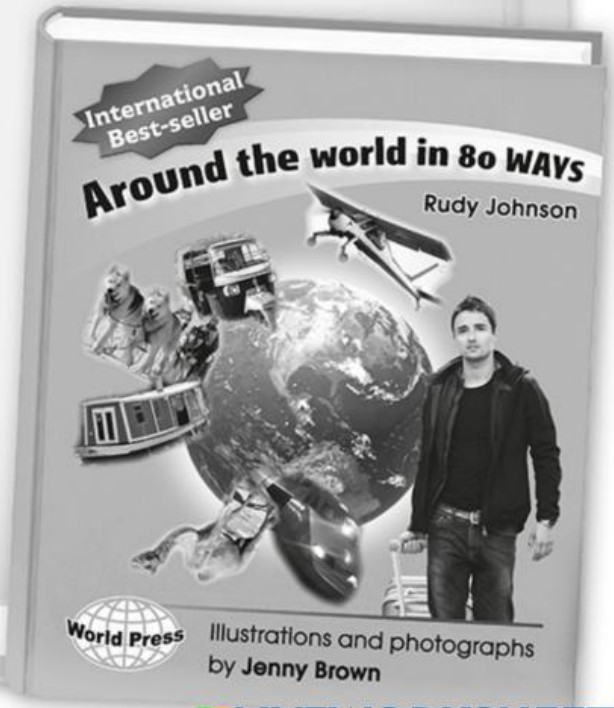

Everyone knows Jules Verne's classic story *Around the world in 80 days*. Now we bring you *Around the world in 80 WAYS*. Adventurer Rudy Johnson tells the story of his journey around the world, using 80 different types of transport. Read how he travelled by dog sled through snowy countryside in Alaska and by camel through the desert in Egypt – convenient but not very comfortable!

Rudy's story is an entertaining tale of highs and lows, with not everything happening as he planned. Laugh as he flies in a giant pig-shaped hot-air balloon and worry about him when he is trapped in a submarine under the sea. From fast bullet trains to slow elephants, there is nothing Rudy didn't try! Read this book and share his amazing experiences from the comfort of your armchair.

Reviews

Although I don't usually enjoy travelling, I loved reading this travel book. I bought it for a friend but ended up keeping it for myself!
Rudy Johnson clearly loves life. As well as being laugh-out-loud funny, this book has beautiful drawings and over 150 photographs. It is a must-have so buy yours today!

What a great idea for an adventure — and a brilliant book! I hope somebody makes it into a TV series. It is hard to believe that this is Rudy's first book. I hope there will be many more! Very entertaining! Five stars.
