# LOGIKA

Lengkapilah tabel di bawah ini!

1.

| P | Q | $\sim P$ | $\sim P \wedge Q$ |
|---|---|----------|-------------------|
| B | B |          |                   |
| B | S |          |                   |
| S | S |          |                   |
| S | S |          |                   |

4.

| P | Q | $\sim P$ | $\sim P \Rightarrow Q$ |
|---|---|----------|------------------------|
| B | B |          |                        |
| B | S |          |                        |
| S | S |          |                        |
| S | S |          |                        |

2.

| P | Q | $\sim Q$ | $P \vee \sim Q$ |
|---|---|----------|-----------------|
| B | B |          |                 |
| B | S |          |                 |
| S | S |          |                 |
| S | S |          |                 |

5.

| P | Q | $\sim Q$ | $P \Rightarrow \sim Q$ |
|---|---|----------|------------------------|
| B | B |          |                        |
| B | S |          |                        |
| S | S |          |                        |
| S | S |          |                        |

3.

| P | Q | $\sim P$ | $\sim Q$ | $\sim P \vee \sim Q$ |
|---|---|----------|----------|----------------------|
| B | B |          |          |                      |
| B | S |          |          |                      |
| S | S |          |          |                      |
| S | S |          |          |                      |
