# Part 2

**Woman**: Welcome aboard! Before we begin our tour, let me tell you a few things about this beautiful city. Venice is built on a number of **1.** ..... in the Adriatic Sea. No one knows the exact number, but we think there are **2.** ..... Between the islands there are **3.** ..... canals.

Today we are going to travel along the **4.** ....., the city's busiest canal. It's also the longest: almost four **5.** ..... long! You won't see any **6.** ....., of course, but there will be lots of different boats.

We will pass under four bridges, but there are many more in the city. Venice has **7.** ..... bridges, and most of them are very beautiful. You should try and see some of them while you are here.

Our boat trip today will take about **8.** ..... minutes. We will go past many of the city's famous **9.** ....., museums and palaces. We will even go past the **10.** ..... market!

Now, please be seated and we will begin our tour...
