 **Describe a situation when you were late for something important.**

You should say:

- when and where it happened
- what you were doing before the event
- why you were late
- and explain how you felt about the experience

Last year, I was late for my friend's wedding. The wedding started at 10 AM, but I arrived around 10:30.

I was getting ready when my motorbike suddenly didn't start. I was trying to fix it, but it didn't work, so I had to call a taxi.

The traffic was very bad, and the driver was driving slowly because there were so many cars and motorbikes.

I felt very nervous. I kept looking at the time as I was hoping I could get there faster. Luckily, the ceremony started late so I arrived at the venue just in time. After this time, I always make sure to leave early for important events.
