Opinions on flying

Person A:

I have a dream that I work as a tour guide. So I understand that I will have to fly to other countries. In my personal opinion, airplanes are currently too cheap compared to the damage they cause to the environment, so I believe we should add taxes to airline ticket prices to make people choose to use other means of transport before they think about flying. I believe that people are also very happy when they can contribute to protecting the environment.

Person B:

My family and siblings live quite far from me. So I often have to fly to visit them every month when I have time. We really appreciate the time we spend together and we are happy to be able to meet each other and share our new story. I know that traveling by plane too much is not good for the environment so I often shop online or go to work by bike instead of going by car or I reuse plastic bags and paper bags. In addition, I sometimes volunteer to clean up trash in the neighborhood.

Person C:

I was a businessman so I had to fly many times a week. I had to go to other countries to be able to sign wine trading contracts with them. I felt very tired every time I have to fly. Now, my sister and I, whenever we have free time, take the train together and we enjoy that time very much because I can travel while sightseeing and relax without any stress.

Person D:

If I have to go somewhere I will choose other means of public transport, not the plane. Every time I go on a plane I feel extremely tired and I just hope time passes quickly so I can get off that plane. However, due to the specific nature of my job, I have to film in many different locations, so sometimes I cannot avoid having to take this public transportation.

A new restaurant

Person A:

This is my first time coming to this restaurant. The food is very cheap but the quality is excellent. I was very surprised with the starter because its menu is very diverse. But there is one thing that I want the restaurant to improve. The restaurant band played live music but it was very far away, so the sound was very low and it didn't make the meal atmosphere lively. Next time turn the music louder, please!

Person B:

This is a very famous restaurant that I saw in the newspaper. Sadly, I arrived later than the rest of the party, so I didn't get to order dinner. However, I ordered orange juice and mango juice and they were both delicious. What about the surroundings? Lively music along with fashionable and appropriate decor makes me feel very comfortable.

Person C:

I'm not sure if I will return to this restaurant. I think the staff was arguing when I got there, because the atmosphere here was not very comfortable. As for the food, I think there's nothing to write about. I ordered fish and chips, it wasn't bad, but it wasn't good either. But many people say that the food here is fabulous. So, I think I'm an exception.

Person D:

I don't understand why this restaurant is so famous. When I arrived and saw a menu with lots of different dishes, I saw this as a bad sign. Furthermore, the menu with traditional dishes contrasting with the modern decoration style made me feel very confused and strange. The waiters here were also not friendly. This was one of my worst experiences eating at a restaurant

Reading books

Person A:

My wife often complains about not having time to read, and I say we have to make our own time. So, I often calculate my free time on my phone. so I can know in advance whether I should bring a book to read on the train. My wife often laughs at me for doing so, but I don't mind, as long as I can finish reading so many books.

Person B:

I used to struggle very much to finish reading a book that we were expected to read. However, now that I read for my own pleasure, I don't mind too much. I usually don't limit myself to reading one at a time. There are so many titles I can choose from that get me excited. I have a list of books that I want to read in the future.

Person C:

I often keep a book on the bedside table to read before going to bed. The problem is, I get tired after reading only half of a page, and I fall asleep. So, I've been reading that one book for half a year now and have only read chapter 2. However, when I read factual books, I find it very interesting and it keeps me awake for hours.

Person D:

My job requires reading a lot of books. These books include a lot of facts and figures and they are very boring. When I have free time, I usually want to read light books, like mystery novels or comedy. I often read on the train to work. I have a young child, so when I come home I almost don't have time to read. Therefore, I have to read books when traveling by train. So, a book can last me 1 week.

Visit a city

Person A:

When I first came to this city, I felt very scared because this city is very big. The city has many parts and the shopping part is very far from the green part. However, we already had the bus route and we signed up to take the bus for a full day. Buses are very cheap and very convenient. I feel very lucky to not have to put pressure on my sore feet

Person B:

I don't like big cities and rarely go out to cities. But I go to the StevenSon city very often. I go

there about five to seven times a year. There is an area outside the city. In that area, there are many things that I need. There is a lot of water, a natural area, a small forest and a special camping area. I really like coming to this place to rest. It also has a great coffee serving area for visitors

Person C:

I went to this city last summer and really liked the atmosphere of this city. The reason I like the atmosphere here is because it has a lot of public performances. These performances often take place in front of department stores. So this prevents me from shopping inside those stores. I was very surprised when I came home with an empty bag and I didn't buy anything.

Person D:

When I go out, I only care about two things: good food and a good play. I especially liked the lunch I had in this city, it was delicious and I really want to come back here next time. Plans for a new station

Person A:

I see too many people who do not arrange a good time to travel to work, they often arrive at work late. I always think in advance about what time I will get to work tomorrow and what means of transport I will use.

Person B:

Buses are often full of people, especially during rush hour. This makes me very uncomfortable when I have to travel to work by bus. The public transportation improvement plan proposed by the city is very reasonable and it will improve the above situation a lot.

Person C:

In my opinion, the bus is very clean and comfortable to travel. I find it has a lot of space for everyone, and the bus system is also very large. Therefore, I think improving the public transport system is unnecessary, while the old system is still good.

Person D:

Building a new public transportation system will be very costly. And we all know it's at the expense of residents. I think we should use that money for something more beneficial, which is building more hospitals. Hospitals in this living area are very few.

2. people should plan their journeys better _____
3. the bus service is good _____
4. transport system doesn't need improving _____

Art

Person A:

I know a little about famous painters and their works. But I don't like going to art exhibitions unless my friend invites me. I like extracurricular activities more, painting exhibitions seem too quiet to me. I like to draw, and I have been drawing ever since I can remember. My forte in drawing is animals, especially big and ferocious animals.

Person B:

I find going to see paintings similar to reading books. You must look and read before discussing. When I go to exhibitions with my friends, they often talk before seeing the painting, and what they talk about isn't even about the painting, that's annoy me.

Unfortunately, I am away this weekend so I cannot help with the cleaning. However, I know my brother and his friends will be very interested in this cleanup so I will ask them if they can help.

Person B:

I'm a very busy person and I have to spend this weekend with my family because I only have the weekend as free time. I think young people who don't have families should help. Besides, students and schools also have days off on weekends. I think this volunteering will be very helpful for students' future careers.

Person C:

I think this volunteering is a good idea but it doesn't have a long-term vision. When volunteers clean up the park, it will be clean, but it will become busy again after about a month when tourist season arrives. I think we should clean this park regularly about once a month. Surrounding areas such as the lake and local forest should also be cleaned up. We should also have signs telling visitors to clean up their trash. I am very upset when I see a lot of trash on both sides of the road.

Person D:

My family and I often spend time at the park. My children love going to the park and they find the park a very interesting place to visit. Instead, I want to lie on a comfortable sofa and watch my favorite TV show.

Person B:

When I travel somewhere, I often ask for bus routes to famous tourist destinations so that I can get to those places as quickly as possible and avoid wasting time going around. Famous tourist destinations are the places I want to explore the most when traveling somewhere. I don't understand why many people just like to sit still at the beach when traveling, I find that uninteresting and timeconsuming.

Person C:

My family and I often plan to travel every time we have a vacation. If the weather is nice then our plans go ahead as usual, if not, we will postpone that vacation. For my family, light wind and warm sunlight are important when we go out. A few of my friends invited me to go climbing, but I'm afraid of heights so I refused them. However, in the future I really want to try mountain climbing once.

Establishing a consistent workout routine has really helped me stay on track with my fitness goals. It's amazing how much more I can accomplish when I have a structured plan in place. Plus, it keeps me accountable and ensures I make time for physical activity every day.

But I still completed the trip and visited many beautiful beaches. One great thing is that the beaches are in remote areas so there are very few tourists. However, it also makes finding food and drinks more difficult.

Person B:

As an architect, I have always been interested in how buildings are constructed. So when I travel, I never spend time lying on the beach or buying souvenirs. I will go around the area to see the architecture of the houses. I chose to go around by taxi, it was great. However, it cost me a lot because I traveled alone and had no one to share the costs with. But for me this was still a great experience because I got to see many old houses

Person C:

The sharp bends of the island made me abandon the idea of renting a car, because it was very dangerous. I decided to take the bus, it was also much cheaper. However, the bus routes are quite few and there are many time constraints. We toured the neighborhoods on foot. I loved this experience because I could see many beautiful sights.

Person D:

There's a lot of food here and I spend most of my time eating. I can't recommend any of the dishes because they are all very impressive. If you want to cook for yourself, you will have to take the bus to the market. Don't forget to visit the street market because they sell a lot of cool local products. I have a lot of good bargains there.

Person D:

My husband usually schedules TV viewing for the weekend, he usually watches football or documentaries. I'm the opposite. Eating and cooking

Cecilia:

When I was a kid, I was often given ready-made or junk food when I was at home, although I don't want to blame my parents. Since then, I try to eat at restaurants as much as possible. The food at the restaurant is not very diverse but for me that is not a problem. What matters to me when going out to eat is who you go with. I often eat with colleagues or close friends when I get off work, it's very fun

Benigno:

I used to often go to the most fashionable and luxurious restaurants to eat. However, now, I'm back to being a student and my finances won't stretch that far. Therefore, I often cook for myself and watch recipes and cooking methods on the internet. That helps me to be able to focus on my studies without losing concentration

Gloria:

Going to a restaurant is for the social atmosphere and I am not bothered to eat alone either. What's important to me is the variety of dishes. Therefore, I eat at as many places as possible even though they are a bit pricey. That's why I joined the cooking club, where I can learn many new recipes and also meet many friends

Alon:

I don't understand why so many people want to find many different recipes for one dish. I know clearly what I like and I eat exactly that food. My dad is a good cook, he knows what ingredients I don't like to eat, which obviously are a lot. I love being home and eating with my family
