

# TELL ME ABOUT YOUR ENGLISH LEARNING

Hello there! I'd love to know more about how and why you're learning - it will make a big difference in our future lessons!

Why are you learning English?

What do you enjoy about studying English?

What's the most difficult aspect of studying English?

What are your strengths when it comes to English?

Do you want to focus on speaking, listening, reading or writing the most?

Is there anything you've learnt before you would like to review again?

How do you practice English outside of lessons?

THANKS!
