Exercise 3. Read and answer the questions.

My name is Ly. I live in Ha Noi. There are four people in my family. Every morning, we have breakfast at home. Then my brother and I walk to school. My father rides his bike to work. My mother doesn't go to work in the morning. She always goes to the market. She often buys rice, meat, fish, chicken and vegetable. She sometimes buys fast food such as pizza or sandwiches. She never buys onions because on one in my family likes to eat them. In the afternoon, she catches the bus to work. After work, my mother goes home to cook dinner. We often have dinner at six thirty. In the evening, my father usually goes to the sports center. My mother sometimes goes to the café with her friends. I always do my homework. My sister often watches TV and draws pictures. We go to bed at 11 o'clock.
