When the world, leaves you feeling	Reach for the
You can count me, I will be there for	Follow your heart's desire
	Reach for the
When it seems, all you hopes and	And when that's shining over you
Are a million miles away, I will re-assure you	That's when your dreams will all come
We've got to all stick	
Good friends, there for each other	Don't in all that you've been told
Never ever that	The sky's the you can reach your goal
I've got, so	No-onejust what the future holds
Reach for the	There is nothing you can't be
Climb every higher	There's a whole at your feet
Reach for the	I said reach
Follow your heart's desire	Climb every (reach)
Reach for the	Reach for the (reach)
And when that's shining over you	Follow that
That's when your will all come true	And your will all come true
	Reach for the
There's a waiting just for you	Climb every higher
It's a place where your dreams all come	Reach for the
true away, the ocean blue	Follow your heart's desire
Drive that open, leave the	Reach for the
behind you	And when that's shining over you
Don't got to keep moving	That's when your will all come true
Your hopes, got to keep building	
Never ever that	
I've got, so	
Reach for the	
every mountain higher
